09 May 2019

Dear Parent/Carer

I write with details of the revision and support programme for May half term. As you will see, we are running revision sessions across three days so that students have the time and space to undertake their own independent revision and have the opportunity to unwind.

By the time we get to May half term, students will have sat their English Literature GCSE and Paper 1s in Business Studies, Geography, Maths and Science. The time with students over half term therefore allows us to focus on the remaining papers and to look at the predicted papers that are then published. This time with Year 11 last year made significant difference as we were able to really focus on the topics that hadn't come up in the various Paper 1s and this gave our students the extra and final boost they needed before the second wave of examinations.

Once students have got next week 'under their belt', I will then pass them the sign-up sheet for May half term. I'm grateful for your support in ensuring that students do attend.

The programme is as follows:

- Tuesday – Business Studies
- Thursday – Science and Geography
- Friday – English and Maths

Finally, we will be running revision sessions for Maths (with Mr Beales) and Geography (with myself) on **Saturday 18th May**; students have Maths and Geography on Monday 21st. Timings for the Saturday are as follows:

Maths

- Foundation: 10 – 11.30am
- Higher: 12- 1.30pm

Geography I will be focusing on the predicted topics. I will repeat the session twice and timings are as follows:

- 10 - 11.30am
- 12 - 1.30pm

Again, transport can be arranged. Please do contact me directly at:

mbarrow@ixworthfreeschool.org.uk

Yours faithfully

Mr M Barrow
Headteacher
